

The Urethral Stricture Symptom and Impact Measure (USSIM)

Understanding the impact of your illness and treatments on your everyday life can help your healthcare team keep track of your health and adjust your treatments. This questionnaire is designed for men who have a urethral stricture or have had surgery for their urethral stricture. Your answers will help your doctor plan and evaluate your care.

For each statement, please choose the one response that applies best to you.

If you are unsure about how to respond, please give the best answer you can. There are no right or wrong answers. Your answers will be strictly confidential.

- 1) If you were to spend the rest of your life urinating the way it is now, how would you feel about that?
1. Terrible
 2. Unhappy
 3. Mostly dissatisfied
 4. Mixed
 5. Mostly satisfied
